

ADA Environmental Solutions.....Booth 501
8100 South Park Way
Littleton, CO 80120
303-734-1727
Fax: 303-734-0330
www.adaes.com

ADA-ES is the leader in mercury emissions control technology. We provide mercury control demonstrations/compliance planning, mercury control systems with performance guarantees and activated carbon sorbents. We also provide flue gas conditioners for improved ESP performance, and a coal additive to improve the combustion of PRB coal in cyclone boilers.

Air Hygiene.....Booth 204
5634 S. 122nd East Avenue, Suite F
Tulsa, OK 74146
918-307-8865
Fax: 918-307-9131
www.airhygiene.com

Air Hygiene specializes in stack testing services for any industry providing comprehensive testing including startup compliance, RATA testing, mercury, & flow. Air Hygiene has several QSTI certified Project Managers to fulfill our commitment to quality testing every time for our customers.

Air/Compliance Consultants, Inc.....Booth 103
1050 William Pitt Way
Pittsburgh, PA 15238
412-826-3636
Fax: 412-826-3640
www.air-comp.com

Air/Compliance Consultants, Inc. provides comprehensive air quality and environmental compliance services. Our experience is broad and includes stack testing, permitting, emission control equipment analysis, CEM reporting and equipment specification, facility security plans, indoor and ambient air sampling, dispersion modeling, and regulatory assessments. We strive to provide our clients with the best value for their Environmental dollar by keeping quality high and overhead low.

Airflow Sciences Corporation.....Booth 215
12190 Hubbard Street
Livonia, MI 48150
734-525-0300
Fax: 734-525-0303
www.airflowsciences.com

Airflow Sciences Corporation have been industry leaders in CFD, physical modeling, and field testing since 1975. Flow modeling provides cost-effective design solutions for ducts, pulverizers, windboxes, SCRs, ESPs, baghouses, scrubbers, and stacks. Benefit from custom field test equipment, ensuring accurate and efficient measurement of flow, temperature, chemical species, and particulate.

Airgas.....Booth 507
6990A Snowdrift Road
Allentown, PA 18106
610-336-4522
www.airgas.com

Airgas is the world's largest supplier of EPA protocol gases (40,000+ per year). Airgas is in full Support of EPA's protocol gas Verification program.

AirTek Construction, Inc.....Booth 311
605 Global Way, Suite 107
Linthicum, MD 21090
410-609-2495
Fax: 410-609-2496
www.airtek-troy.com

AirTek is a leading provider in field service engineering, consulting services, construction management, maintenance, new construction, major rebuilds, the supply of spare parts, and our own line of ESPs.

Albemarle - Sorbent Technologies.....Booth 206
1664 E. Highland Road
Twinsburg, OH 44087
330-425-2354
Fax: 330-425-3983
www.SorbentTechnologies.com

Albemarle is the world's largest producer of bromine, including bromine-based mercury oxidation agents for power plant scrubbers. Its Sorbent Technologies subsidiary is a leading supplier of brominated powdered activated carbon, such as high-performance B-PAC™, concrete-friendly™ C-PAC™, and high-temperature H-PAC™, as well as state-of-the-art sorbent injection systems to utilize them.

Alden Research Laboratory, Inc.....Booth 515
30 Shrewsbury Street
Holden, MA 01520-1843
508-829-6000
Fax: 508-829-5939
www.aldenlab.com

Alden's Air & Gas Modeling Group is a recognized leader in the physical and computational flow modeling of industrial, utility, and other process gas flow systems. Providing physical and computational flow modeling services ensures the most appropriate technical approach will be used to solve your specific project.

Allied Environmental Solutions, Inc.....Booths 502 & 504
9730 Patuxent Woods Drive, Suite 100
Columbia, Maryland 21046
410-910-5100
Fax: 410-910-5101
www.allied-env.com

Allied Environmental Solutions specializes in providing air quality control technology for the power generation market, and provides a comprehensive range of flue gas cleaning technologies.

Alstom Power ECS.....Booth 105
1409 Centerpoint Boulevard
Knoxville, TN 37932
865-560-1689
Fax: 865-560-1642
www.environmental.power.alstom.com

Alstom Environmental Control Systems (ECS) is a global supplier of clean power solutions. ECS provides integrated air quality control systems for removal of SO_x, NO_x, particulate material, and Mercury. Our vast experience and premier technology provide innovative and cost effective solutions that consistently meet our customers compliance requirements.

AMC Power, a division of Air Monitor Corporation.....Booth 302
1050 Hopper Avenue
Santa Rosa, CA 95403
707-544-2706
Fax: 707-526-2825
www.airmonitor.com

AMC Power provides coal flow and airflow measurement solutions for combustion optimization and boiler diagnostics. AMC offers high accuracy systems and testing services for all PA, SA, OFA, individual burner air and individual coal pipe flows. Our solutions for all coal-fired boilers improve performance while reducing NO_x and CO emissions.

Analytical Testing Consultants, Inc.....Booth 111
301 Brookdale Street
Kannapolis, North Carolina 28083
800-733-3193
Fax: 704-932-0570
www.atc-net.net

Analytical Testing Consultants has provided air testing and consulting services to industry throughout the US and abroad since 1981. Excelling at routine methods establishes a basis for ATC's repeated success in the more complex and sophisticated methodologies. ATC performs source sampling requiring specialized equipment, techniques, and methodologies.

AOC.....Booth 505
950 Highway 57 East
Collierville, TN 38017
800-238-7536
Fax: 901-854-1183
www.aoc-resin.com

North America's largest polyester resin manufacturer has a wide range of open and closed mold resins, gel coats, colorants and additives for your most demanding application. The industry's best technical service team provides further support. Our proprietary process control software guarantees batch-to-batch consistency from six strategically located North American plants.

Apex Instruments, Inc.....Booth 310
204 Technology Park Lane
Fuquay Varina, NC 27526
800-882-3214
Fax: 919-557-7110
www.apexinst.com

Apex Instruments, Inc. is known as a world leader in the design, manufacturing and distribution of source sampling equipment for measuring emissions from smoke stacks and industrial sources according to US EPA guidelines. Our equipment is designed by experienced samplers for gaseous/isokinetic methods and Appendix K Mercury Sorbent Trap Sampling.

Ashland Inc.....Booths 404 & 406
5200 Blazer Parkway
Dublin, OH 43017
614-790-4102
Fax: 614-790-3735
www.ashland.com

Ashland Inc., a diversified, global chemical company, provides quality products and services to customers in more than 100 countries. Ashland's DERAKANE® and HETRON® resins set the standard in corrosion-resistant FRP applications from chemical processing, water treatment and pollution control, to power generation.

The Babcock & Wilcox Company.....Booths 409 & 411
20 South Van Buren Avenue
Barberton, Ohio 44203
1-800-BABCOCK (222-2625)
(330) 860-1886
www.babcock.com

Babcock & Wilcox is a leading supplier of boilers, environmental equipment, and power plant services. Our environmental equipment includes wet and dry flue gas desulfurization systems, SCR systems, low NO_x combustion systems, baghouses, electrostatic precipitators, mercury and acid mist mitigation systems, carbon management technologies, and aftermarket replacement parts and upgrade services.

Babcock Power Inc.....Booth 400
5 Neponset Street
Worcester, MA 01606
Phone: 508-852-7100
Fax: 508-856-7025
www.babcockpower.com

Babcock Power Inc. offers unparalleled expertise – more than 400 years of combined experience in engineering, manufacturing, construction, and aftermarket products and services - for heat exchangers, HRSGs, environmental systems, and steam generators with associated fuel preparation (pulverizers) and firing systems. We provide complete solutions for any OEM's equipment for the global power generation, industrial, environmental, and waste-to-energy markets.

Black & Veatch.....Booth 514
11401 Lamar Avenue
Overland Park, KS 66211
913-458-2000
Fax: 913-458-2012
www.bv.com

Black & Veatch is *Building a World of Difference*[®]. By advancing the frontiers of knowledge, we provide our clients with reliable solutions to their most complex challenges, thereby helping to improve and sustain the quality of life around the world.

Breen Energy Solutions.....Booth 104
104 Broadway Avenue
Carnegie, PA 15106-2421
412-431-4499
Fax: 412-431-4104
www.Breenes.com

Breen Energy Solutions is a provider of real-time, in-situ, continuous measurement technology for flue gas condensables such as Ammonium Bisulfate (AbS) and SO₃. Direct AbS measurement enables the end user to minimize Ammonia Slip and avoid Air Heater fouling within balanced impact on Heat Rate. Direct SO₃ measurement enables the end user to mitigate blue plume and back-end corrosion with lower chemical injection rates and balanced impact on Heat Rate.

Carmeuse Lime & Stone.....Booth 115
11 Stanwix Street
Pittsburgh, PA 15222
412-995-5500
Fax: 412-995-5570
www.carmeusena.com

Carmeuse Lime & Stone is the leading supplier of Calcium reagents for flue gas treatments. Carmeuse's capabilities include: Limestone Forced Oxidation (LSFO) FGD Technology; Magnesium Enhanced Lime (MEL) Wet FGD Technology; Circulating Fluid Bed (CFB) Boiler Technology; Plume Abatement Alkali Injection for SO₃ Control; and Dry Flue Gas Desulfurization Technology.

Cemtek Environmental Inc.....Booth 208
3041 South Orange Avenue
Santa Ana, CA 92707
714-437-7100
Fax: 714-437-7177
www.cemteks.com

Cemtek Environmental is a full service Continuous Emission Monitoring Systems integration and service company specializing in NH₃, NO_x, SO₂, CO, CO₂, O₂, PM, THC and Mercury measurements for ambient process and compliance needs. Make us your #1 choice in CEM Systems, CEM Service, Opacity, Flow and Parts.

Clean Air Engineering.....Booth 415
500 W. Wood Street
Palatine, IL 60067
800-627-0033
Fax: 847-991-3385
www.cleanair.com

CleanAir is a leading provider of specialized power plant services including thermal and APC performance testing/optimization; mercury control/monitoring strategies; and CEM instrumentation rental, calibration and repair. Additional services include the design of stack sampling equipment; analysis of coal-fired power plant fuel, by-product, and emission samples; as well as supplying Mercury Emission Testing (MET) traps.

Clyde Bergemann EEC.....Booth 405
7380 Coca-Cola Drive, Suite 126
Hanover, MD 21076
800-333-4331
Fax: 410-368-6721
www.clydebergemanneec.com

CBEEC is a leading supplier of fabric filters, electrostatic precipitators, dry scrubbing and dry injection systems for Mercury, Acid Gases and Particulate emissions control and offers a full line of associated OEM and aftermarket parts and maintenance services to power generation, pulp and paper, waste-to-energy, rock products, metals and petrochemical industries.

DRAVO Technology.....Booth 113
3600 Neville Road
Pittsburgh, PA 15225
412-777-0700
Fax: 412-777-0727
www.dravotechnology.com

DRAVO Technology are the Calcium Specialists for Flue Gas Treatment. Supported by a “Customer Centered” philosophy, Dravo’s expertise advises on the effectiveness of various FGT processes; reagent selection and reagent preparation planning; supply chain analysis; by-product removal and disposal, and capabilities to build, own, operate, and maintain FGD systems.

Duromar Inc.....Booth 213
706 Washington Street
Pembroke, MA 02359
781-826-2525
Fax: 781-826-2150
www.Duromar.com

Duromar, Inc. is a manufacturer of 100% solids, zero VOC, epoxy lining systems and repair products. Duromar’s products are non-hazardous, non flammable and resistant to a wide range of pH and highly abrasive environments. Typical applications on FGD systems include absorbers, outlet ductwork, stacks, waste water, process equipment and flooring.

ECO PHYSICS, INC.....Booth 313
3915 Research Park Drive, Suite A-3
Ann Arbor, MI 48108
734-998-1600
Fax: 734-998-1180
www.ecophysics-us.com

ECO PHYSICS specializes in the manufacturing of chemiluminescence NOx analyzers for power generation, burner optimization, catalyst, automotive and combustion research markets. We are proud to introduce the new CLD 60 series NOx analyzers. These analyzers offer our robust and simple design in an economical package.

ENTEC Services.....Booth 108
16-D Commerce Avenue
Hueytown, AL 35023
205-491-6676
Fax: 205-491-6614
www.entecservices.com

Entec Services, Inc. is an independent company providing innovative, practical, and comprehensive air pollution testing services that allow our client to increase operation efficiency, maintain cost effectiveness, and most importantly comply with federal, state, and local regulations.

Ershigs, Inc.....Booth 408
742 Marine Drive
Bellingham, WA 98225
360-733-2620
Fax: 360-733-2628
www.ershigs.com

Ershigs is part of Denali Inc., the largest custom Fiberglass Reinforced Plastic (FRP) manufacturing and construction company in North America. FRP is utilized in areas of an FGD facility to include: stacks, scrubbers, chimney liners, AR piping, tanks and ductwork. Ershigs has been providing engineered FRP products for over 40 years.

Evonik Energy Services LLC.....Booths 401 & 403
304 Linwood Road, Suite 102
Kings Mountain, NC 28086
704-734-0688
Fax: 704-734-1088
www.evonik-energyservices.us

Evonik Energy Services, formerly Steag, has provide environmental engineering and consulting service to the North American power industry since 1992. Evonik provides SCR system design and review as well as SCR catalyst management services including catalyst testing and data interpretation; catalyst exchange strategies; catalyst cleaning and regeneration; large particle ash screens and AIG tuning; SCR or FGD O&M Services; and in late 2008, complete Bench Scale Testing Services.

Fossil Energy Research Corporation.....Booth 301
23342-C South Pointe
Laguna Hills, CA 92653
949-859-4466
Fax: 949-859-7916
www.ferco.com

FERCo is an engineering services and R&D company specializing in combustion and emissions control. Founded in 1984, the company's goal is to provide research, pilot-scale development, and full-scale evaluation to industry and government in the area of applied energy and environmental systems. The staff has over 60 years of experience in the combustion, energy, and environmental fields.

Fuel Tech, Inc.....Booths 200 & 202
27601 Bella Vista Pkwy
Warrenville, IL 60555
Phone: 630-845-4500
Fax: 630-845-4501
www.ftek.com

Fuel Tech, Inc. provides engineering, design, supply and installation of NOx reduction systems, along with chemical injection programs designed to improve boiler efficiency and availability. Technologies include NOxOUT® SNCR, NOxOUT Cascade® (Hybrid SNCR/SCR), NOxOUT Ultra® using urea to generate on-site ammonia, along with urea based SCR. Our Fuel Chem programs utilize Targeted in Furnace Injection (TIFI) of specialty chemicals to help reduce fireside slagging, boiler corrosion and SO3 emissions.

Hadek Protective Systems.....Booth 303
651 Holiday Drive
Foster Plaza 5
Pittsburgh, PA 15220
412-204-0028
Fax: 412-204-0039
www.hadek.com

Hadek Protective Systems is a worldwide supplier of acid resistant, borosilicate glass block linings for the internal corrosion protection of new and existing FGD and Non-FGD power plant chimneys and flue gas ducts. Services include research and feasibility studies, detail engineering, installation supervision, and lifetime performance monitoring system.

Haldor Topsoe, Inc.,.....Booth 309
17629 El Camino Real, Suite 300
Houston, TX 77058
281-228-5000
Fax: 281-228-5019
www.haldortopsoe.com

Topsoe offers SCR catalysts for all applications ranging from coal-fired boilers to diesel-gensets. The catalyst has a high activity for NOx reduction with relatively low SO2-oxidation in addition to a high tolerance for common poisons like arsenic.

Hitachi Power Systems America, Ltd.....Booth 513
645 Martinsville Road
Basking Ridge, NJ 07920
908-605-2800
Fax: 908-604-6211
www.hitachi.us/hpsa

Hitachi Power Systems America, Ltd., is a leading supplier of equipment and services for the Power Generation Market. Products include advanced Pulverized Coal Boilers, HRSG's, Turbines, Substation Equipment and Air Quality Control Systems for new plants and retrofit applications. Hitachi Power Systems America is Hitachi's Global Center of Excellence for the emissions market including Wet Flue Gas Desulfurization (WFGD) and Selective Catalytic Reduction (SCR) technology.

Horiba Instruments, Inc.....Booth 500
17671 Armstrong Avenue
Irvine, CA 92614
949-250-4811
Fax: 949-250-0924
www.horiba.com

We are an industry leader in providing total solutions for protecting the environment, and for Industrial processing analysis, believing that our mission is to provide peace of mind, and to maintain safety and contribute to human health through the development of new technology and ideas.

Indigo Technologies, LLC.....Booth 412
8980 Perry Highway, Suite 205
Pittsburgh, PA 15237
412-358-0171
Fax: 412-358-0174
www.indigotechnologies.com.au

Indigo Technologies provides a Fine Particulate Agglomerator to enhance fine particulate collection in electrostatic precipitators, fabric filters and particulate scrubbers. The Agglomerator attaches the fine particles with electrostatic and fluidic forces to the coarser particles that are easily captured downstream in the air pollution control device. The Agglomerator provides a solution for reducing PM_{2.5}, stack opacity and mass emissions. The Agglomerator also can enhance reagent utilization for SO₃ and activated carbon capture.

Industeel USA, LLC.....Booth 509
565 E. Swedesford Road, Suite 207
Wayne, PA 19087
610-254-9900
www.industeelusa.info

Lechler Inc.....Booth 211
445 Kautz Road Street
Charles, IL 60174
630-845-6817
Fax: 630-845-6917
www.lechler.com

Lechler VarioCool® Gas Conditioning Systems installed worldwide. With VarioCool® Lechler offers complete gas treatment systems including spray nozzle lances, pumps, automatic controllers and electronic control units. VarioCool® Gas Conditioning Systems used in following process applications: Gas Cooling/Gas Humidification , SCR/SNCR DeNox processes, SO₂ control wetFGD new technology Twinabsorb® spray nozzles, Spray adsorption, Disposal of waste water by evaporation.

M&C TechGroup.....Booth 503
6019 Olivas Park Drive/Suite G
Ventura, CA. 93003
805-654-6970
Fax: 805-654-6971
www.mac-products.com

M&C TechGroup is a leading manufacturer of sample conditioning systems. We provide a complete solution from the sample source to the analyzer. Our specialty is providing solutions to applications that require minimal maintenance, while providing maximum results that ensure the instrumentation data capture is performed with minimal data loss. We solve sample system problems and are eager to assist you in providing you a solution to your application.

Martin Marietta Magnesia Specialties.....Booth 407
195 Chesapeake Park Plaza, Suite 20
Baltimore, MD 21220
419-849 4201
Fax: 419-849-4246
www.magspecialties.com

Martin Marietta Magnesia Specialties is a leading supplier of magnesium oxide and magnesium hydroxide products for use in everyday materials such as plastic, rubber, pulp & paper, ceramics, sugar, animal feed, aluminum, tile, and motor oil.

Mcilvaine Company.....Booth 414
191 Waukegan Road, Suite 208
Northfield, IL 60062
847-784-0012
Fax: 847-784-0061
www.mcilvainecompany.com

The Mcilvaine Company provides continually updated Internet services on the latest technical and regulatory information regarding NOx, SOx, particulate and power generation. The *Utility Environmental Upgrade Tracking System* provides the latest retrofit and new project and contact information supplemented by analyses and forecasts. *Hot Topic Hour* webinars provide a series of one hour weekly conferences on important air quality subjects.

METCO Environmental.....Booth 300
3226 Commander Drive
Carrollton, TX 75006
800-394-1194
Fax: 972-931-8398
www.testamerica.com

METCO Environmental is the largest company in the United States specializing in Source Emissions Testing. METCO provides emission testing services and Continuous Emission Monitoring services and certifications for all types of point sources and industries. METCO specializes in Trial Burns and other source sampling projects for hazardous waste and municipal waste incinerators, boiler and industrial furnaces, and medical waste incinerators. METCO provides Trial Burns plans, and assists in planning projects and testing for air toxic projects.

Metso Minerals Industries, Inc.....Booth 107
1500 Corporate Drive, Suite 300
Canonsburg, PA 15317
412 269 5298
Fax: 412 269 5212
www.metsominerals.com

With over 250 systems installed, Metso Minerals is a leading supplier of grinding systems for FGD applications. In addition, Metso supplies coal grinding equipment and bulk materials handling equipment including rotary car dumpers, feeders, ash handling and stacker reclaimers.

MET-Team.....Booth 413
500 W. Wood Street
Palatine, IL 60067
800-627-0033
Fax: 847-991-3385

The MET-Team is an alliance of technical expertise from Clean Air Engineering, CONSOL Energy, and SKC Inc. providing total solutions for sorbent trap mercury monitoring. Whether you need to purchase a mercury CEMS, looking for a sorbent trap or analytical supplier, or want operational support and training, the MET-Team is dedicated to help you successfully meet your mercury monitoring challenges.

Midwesco Filter Resources, Inc.....Booth 511
385 Battaile Drive
Winchester, VA 22601
800-336-7300
Fax: 540-667-9074
www.midwescofilter.com

Midwesco Filter Resources, Inc. is a global industrial air filtration leader based in Winchester, VA. The company manufactures and distributes air filters in 100 market segments across six continents. We maintain a large diversified inventory of high quality custom made dust collector and baghouse filter bags, cartridge filters, pleated elements, and baghouse accessories in our global manufacturing facilities residing in Winchester, VA; Cicero, IL; Nakskov, Denmark; and Nigel South Africa for critical delivery.

Mississippi Lime Company.....Booth 112
3870 South Lindbergh Boulevard, Suite 200
St. Louis, MO 63127-1308
800-437-5463
Fax: 314-543-6573
www.mississippilime.com

Mississippi Lime is the only fully integrated lime producer in North America. Headquartered in St. Louis, MO with facilities in Ste. Genevieve, MO, Vicksburg, MS, Weirton, WV and Chester, SC. Our low cost, high purity, high surface area hydrated lime is definitely the "Clear Choice."

NALCO MOBOTEC.....Booths 212 & 214
2540 Camino Diablo Boulevard, Suite 200
Walnut Creek, CA 94597
925-935-2500
Fax: 925-935-2583
www.nalcomobotec.com

Nalco Mobotec has partnered with utilities worldwide to reduce nitrogen oxides (NOx), sulfur dioxide and trioxide (SO₂ and SO₃), and mercury from plant emissions. Our cost effective and proven methods for multi-pollutant air emissions control deliver practical environmental compliance and lower operating costs.

NeuCo, Inc.....Booth 402
Prudential Tower
800 Boylston Street, Floor 30
Boston, MA 02199
617-587-3100
Fax: 617-262-4186
www.neuco.net

NeuCo is the leading provider of optimization software solutions that help electric power producers reduce emissions and improve efficiency and availability. NeuCo's solutions reduce NOx and GHG emissions, improve fuel efficiency, reduce SCR operating costs, and streamline the detection, diagnosis and remediation of plant reliability, capacity and efficiency problems.

Norit Americas, Inc.....Booth 410
3200 University Avenue
Marshall, TX 75671
903-923-1000
Fax: 903-938-9701
www.norit-americas.com

Norit Americas, Inc., is a worldwide leader in purification. Norit is the largest producer of powdered activated carbon worldwide and leads the power generation industry in activated carbon technology for mercury removal. Norit also is the market leader in supply of activated carbon injection systems.

NWL.....Booth 109
312 Rising Sun Road
Bordentown, NJ 08505
609-298-7300
Fax: 609-298-8235
www.nwl.com

As the leading manufacturer of Transformer/Rectifier sets for Electrostatic Precipitators (ESP's), NWL is the only US manufacturer of Switch Mode Power Supplies (PowerPlus) for ESP's. Other products include: Current Limiting Reactors, Automatic Voltage and Rapper Controls. PowerPlus, just may be the least expensive way to improve ESP performance.

O'Brien & Gere.....Booths 508 & 510
5000 Brittonfield Parkway
East Syracuse, NY 13057
315-437-6100
Fax: 315-463-7554
www.obg.com

O'Brien & Gere is a engineering firm providing "Dry Sorbent Duct Injection Systems" for control of SO₃; SO₂; HCL; Hg; & CO₂.

Ohio Lumex Company.....Booth 601
9263 Ravenna Road, Unit A-3
Twinsburg, OH 44087
888-876-2611
Fax: 330-405-0847
www.ohiolumex.com

Ohio Lumex offers a market-leading Sorbent Trap Analyzer which is an excellent tool for Reference Method 30B RATA and simple to use for Mercury Emissions Compliance Reporting. We also offer the highest quality custom made and spiked Sorbent Traps, a Field Portable Reference Method 30A Analyzer, and Laboratory Services.

Particulate Control Technologies, Inc.....Booth 106
511 Creekside Court
Helena, AL 35080
205-621-6367
205-621-6368
www.pctinc.org

PCT, Inc is a R&D project management and consulting firm specializing in environmental controls for the Utility Industry. Currently some of our major projects are operating the Mercury Research Center and compliance testing of utility scrubbers. The PCT Team has over 250 years combined environmental R&D experience.

Prism Systems, Inc.....Booth 315
200 Virginia Street
Mobile, AL 36603
251-341-1140
Fax: 251-341-1166
www.prismsystems.com

Prism Systems, Inc. provides automation and software integration services for industries around the world. Prism's extensive engineering and software design experience, is responsible for the success of our Environmental Reporting Solution, ERS. Building on the latest technologies, ERS is a toolset for environmental managers and engineers to maintain compliance during process equipment updates, expansions, and regulatory changes.

Recycle CO2 (RCO2) Inc.....Booth 600
P.O. Box 3442
Kingsport, TN 37664
423- 367-6504
Fax: 423-288-8952
www.rco2.no

RCO2 is developing a process that will recycle CO2 produced from the combustion of fossil fuels into methane and water. No capture, no compression, no transportation, and no sequestration of CO2 will be necessary thus reducing cost substantially. The methane produced can be used as fuel to generate electricity.

Reinforced Plastic Systems Inc.....Booths 305 & 307
740 Main Street
Mahone Bay, Nova Scotia, Canada B0J 2E0
800-343-9355
Fax: 902-624-6395
www.rps.ca

The RPS Group of Companies has six manufacturing and service facilities throughout North America supplying a diversified range of corrosion and erosion resistant FRP products for the Power and Flue Gas Desulfurization Industries. FGD applications include erosion resistant pipe systems, tanks, absorber duct and outlet cones, and installation and maintenance services.

Sick Maihak, Inc.....Booth 203
15415 International Plaza Drive, Suite 100
Houston, TX 77032
281-436-5100
Fax: 281-436-5200
www.sickmaihak.com

Best Solutions for Analysis and Process Applications:
Sick Maihak offers in-situ and extractive analyzers for gas and liquid analysis and measurement instrumentation for dust, opacity and volume flow. We have over 50 years of combined technical experience serving the industries of power, cement, refining, petrochemical, chemical, pharmaceutical, waste incineration, water treatment, pulp and paper, steel, food and other areas.

SOLVAir Products/Solvay Chemicals, Inc.....Booth 506
3333 Richmond Avenue
Houston, TX 77098
713-525-6500
Fax: 713-525-7806
www.solvair.us

The SOLVAir(R) Group offers SOLVAir Select 300 sodium bicarbonate, Select 200 trona, Select SS, Select SA and SOLVAir hydrogen peroxide specifically designed to control SO₂, SO₃, NO_x, HCl and HG in flue gas stacks. When used in conjunction with a DSI system, Select 200 is both cost effective and highly efficient.

Southern Research Institute.....Booth 512
2000 Ninth Avenue South
P.O. Box 55305
Birmingham, AL 35205-5305
205-581-2000
Fax: 205-581-2333
www.southernresearch.org

Southern Research provides cutting-edge research, laboratory testing services, and pilot-scale and field studies addressing a wide variety of environmental and energy-related concerns including carbon management, mercury sampling and mitigation, SO_x/NO_x/particulate control, alternative energy sources, advanced power systems, and reducing dependence on foreign oil.

Spectra Gases.....Booth 101
3434 Rt. 22 West
Branchburg, NJ 08876
Phone: 908-252-9300
Fax: 908-252-0811
www.spectragases.com

Spectra is the global leader in next generation fine chemicals and high purity gases for the research, medical, fiber optic, semiconductor, environmental, laser, lighting, and high purity gas handling equipment markets.

Spraying Systems Co.....Booth 205
PO Box 7900
Wheaton, IL 60187-7900
1-800-95-SPRAY
www.spray.com

Spraying Systems Co., the world's leader in spray technology, offers dozens of solutions for air pollution. Spray injectors for NOx control, spray nozzles for FGD scrubbers, automated gas conditioning systems and advanced predictive modeling of gas flows are just a few of the products on display during the symposium.

Stebbins Engineering and Manufacturing Company.....Booth 210
363 Eastern Boulevard
Watertown, NY 13601
315-782-3000
Fax: 315-782-0481
www.stebbinseng.com

Tekran Instruments Corporation.....Booth 114
230 Tech Center Drive
Knoxville, TN 37912
865-688-0688
Fax: 865-766-8422
www.tekran.com

Revolutionizing the World of Mercury Monitoring since 1989, Tekran Instruments Corporation is the world's leading manufacturer of advanced systems for ambient and point-source mercury monitoring. With pioneering expertise in cold vapor atomic fluorescence detection, Tekran has become the trusted source for accurately and reliably measuring ultra-trace levels of mercury. Tekran has provided more ambient and CEM systems than any other supplier worldwide.

Thermo Scientific.....Booths 100 & 102
27 Forge Parkway
Franklin, MA 02038
508-553-0430
Fax: 508-520-2800
www.thermo.com/aqi

Thermo Scientific (A Thermo Fisher Scientific Brand) has offered air quality products and services since 1970. We are committed to being the global leader in environmental monitoring applications where our market, knowledge, customer intimacy, application expertise, and instrument technology help our customers succeed in protecting people and the environment.

TRC.....Booth 110
5540 Centerview Drive, Suite 100
Raleigh, NC 27606
919-828-3150
Fax: 919-838-9661
www.trcsolutions.com

TRC has been solving air quality problems for 40 years and has earned distinction in the careful measurement of emission sources, meteorological parameters, and ambient air quality. We are a leading provider of short-term field studies for the measurement and evaluation of complex dispersion problems.

United Sciences Testing, Inc.....Booth 312
201 Commonwealth Drive
Warrendale, PA 15086
724-778-6950
Fax: 724-778-6959
www.ustirata.com

United Science Testing, Inc. (USTI) is a wholly owned subsidiary of American Electric Power. We offer automated flow RATA services using the Auto-Probe Q2000[®] System. USTI provides testing services for utilities (both AEP & 3rd party) and other industries where required.

Universal Analyzers Inc.....Booth 314
5200 Convair Drive
Carson City, NV 89706
775-883-2500
Fax: 775-883-6388
www.universalanalyzers.com

Top supplier of all components related to CEMS & PROCESS Gas Sampling Equipment. We specialize in Dilution Probes and Probe Controllers as well as Straight Extractive Sample Probes, Gas Sample Coolers and Complete Sample Conditioning Systems for Permanent or Portable Installations. We also engineer, design and provide Process Gas Sample Systems using both Traditional and Modular (NeSSI) platforms.

URS Corporation.....Booths 207, 209, 306 & 308
P.O. Box 201088
Austin, TX 78720
512-454-4797
Fax: 512-454-8807
www.urscorp.com

URS is a global engineering firm with over 29,000 employees in over 20 countries worldwide. URS provides a full range of engineering and environmental services to a wide array of public and private sector clients. URS offers a diversity of expertise that focuses on environmental, engineering, measurements, water resources, and information technology services. Whether its site investigations and remediation, water quality measurements and modeling, we have a focus on providing solutions that bring value to our clients.

Victaulic.....Booth 304
4901 Kesslersville Road
Easton, PA 18040
610-559-3300
Fax: 610-250-8817
www.victaulic.com

Victaulic is the world's leading provider of solutions for mechanical piping systems. Headquartered in Easton, Pa., Victaulic has manufacturing and distribution facilities worldwide and develops products for a full range of institutional piping systems. Victaulic piping system solutions address the challenges faced in system design, installation and ownership today.

Zephyr Environmental Corporation.....Booth 201
3000 Wilcrest, Suite 145
Houston, Texas 77042
713-977-8787
Fax: 713-977-8797
www.zephyrenv.com

Zephyr is a full service environmental, health, and safety firm offering consulting, training, and data systems expertise to clients worldwide. We specialize in air and water quality, waste management and cleanup issues, natural resources, incident management, and workplace and community safety. We're proud of our reputation for developing high quality practical solutions to complex challenges in a cost-effective, timely, and reliable manner.
